An Ecological And Cultural Critique

In the 1950s, dissatisfaction with existing vague and rigid theories of cultural change stimulated the adoption of an ecological perspective. This new perspective considers the role of the physical environment in cultural change in a more sophisticated manner than environmental determinism. Ecological anthropology is also a reaction to idealism, which is the idea that all objects in nature and ...

Ecological Anthropology - Anthropology

Cultural materialism is an anthropological research orientation first introduced by Marvin Harris in his 1968 book The Rise of Anthropological Theory, as a theoretical paradigm and research strategy. It is said to be the most enduring achievement of that work. Harris subsequently developed a full elaboration and defense of the paradigm in his 1979 book Cultural Materialism.

Cultural materialism (anthropology) - Wikipedia

He highlights the work of steady-state theorist Herman Daly, who exemplifies what eco-socialists see as the good and bad points of ecological economics — while Daly offers a critique of capitalism and a desire for "workers ownership", he only believes in workers ownership "kept firmly within a capitalist market", ignoring the eco-socialist ...
