Baby Moses Frog My Animal

Actually three games in one. Very moronic game. Noahs' Ark was just plain dumb. You simply collect animals from the wild and place them on the ark. Very easy and very repetitive. No variation in difficulty no matter what animal you retrieve, whether it's a lion or rabbit. There all the same. Baby Moses was extremely frustrating.

The bullfrog is considered the largest frog in North America and is very territorial. It lives a solitary existence and only mingles with its own species to mate or fight over territory. The bullfrog is also extremely voracious and will eat almost any animal it can swallow: other frogs, small turtles, baby birds and small mammals.

A rain of animals is a rare meteorological phenomenon in which flightless animals fall from the sky. Such occurrences have been reported in many countries throughout history. One hypothesis is that tornadic waterspouts sometimes pick up creatures such as fish or frogs, and carry them for up to several kilometres. However, this aspect of the phenomenon has never been witnessed by scientists.

Bought this for my 6 month old and upon reciving realized its a little more on the advanced side still for him. The spinning has to be done manually which due to my own lack of research I was in aware of. A lot of the animal "sounds" are just noises like splashing or other weird sounds that animals don't actually make.
