A great book detailing this history of brainwashing from various means including military experiments with hypnosis and LSD, religious cults, hidden messages in heavy metal albums, right up to modern interrogation techniques. No pie-in-the-sky conspiracy theories here, this book is based on factual accounts and is excellently researched.

The title says "The Secret History of Mind Control", but it's not secret at all, as the contents in this book which relate to mind control have been lifted almost solely from The Search for the "Manchurian Candidate": The CIA and Mind Control: The Secret History of the Behavioral Sciences. There are factual errors which made me question the reliability of other material in the book.
