### Canon U.S.A., Inc. | EOS 60D

Manual focus shooters need interchangeable focusing screens, focus confirmation on the focus point and live view. I guess Canon could be successfull with such a camera: the Canon IQ, especially the colors are excellent, the handling of a Canon is better than other brands, the overall package one gets with Canon is very good.

### Canon 6D Question about focus confirmation for manual ...

The repair technician said I somehow managed to change my Autofocus/Drive setting. I had mine on 1 and the default is 0. I would think a factory reset would have helped if you had the same problem. \$65 dollars to be told to change my settings seems like a small price when I was ready to sleadge hammer my camera! From 60D manual, page 255. Canon!

### EOS 60D will not focus in AF mode. - Canon Community

Canon lenses and most third-party lenses give you the option of switching to manual focus. To manually focus the lens, follow these steps: Move the Focus switch to MF. On most lenses, you'll find this switch on the left side when the camera is facing your subject.
