Land Rover Series I II

The Land Rover Series I, II, and III (commonly referred to as Series Land Rovers, to distinguish them from later models), or simply the Land-Rover, are compact British off-road vehicles, produced by the Rover Company since 1948, and later by British Leyland.Though unapologetically inspired by the World War II Jeep, the Land Rover immediately distinguished itself from all other cars.

Land Rover series - Wikipedia

Series III (1971 - 1985) The third generation of the Land Rover continued with a gradual evolution of the existing model, but the outward changes were once again on the subtle side.

Land Rover history: from the Series I to the Defender

The Series II Land Rover launched in 1958 was larger, heavier and more complex than the original, and there was an ever-present need for higher powered engines. Also, the Rover petrol engines in use at the time, with the archaic Inlet-Over-Exhaust valve layout and were approaching the age of 20 years in design terms. A new, larger petrol engine specifically developed for the Land Rover was needed.

Land Rover engines - Wikipedia

The 1948-1985 Land-Rover Series I, II, III was a British reply to the American Army's go-anywhere four-wheel-drive vehicle that proved so valuable in World War II. Introduced in the early postwar period, it was very different in appearance, with fully enclosed front wheels and severe, angular body lines.
