Seeing Anthropology - definition - Encyclo

In listening, learning about, and seeing the world from the perspectives of others, anthropologists draw on the idea of cultural relativism. This is in contrast to ethnocentrism, the belief that one's own culture, cultural values, and societal organization are true, right, and proper and that others' are erroneous to some degree.

through the lens of cultural anthropology PDF Full Download

Cultural anthropology, in particular, has emphasized cultural relativism, holism, and the use of findings to frame cultural critiques. This has been particularly prominent in the United States, from Boas' arguments against 19th-century racial ideology , through Margaret Mead 's advocacy for gender equality and sexual liberation, to current criticisms of post-colonial oppression and promotion ...
