**Dr. Payel Das**, IBM TJ Watson Research Center, USA

Group Photo, Networking and Refreshment Break | 11:00-11:20

11:20 - 11:50

Title: Discovery and development of gamma-secretase modulators for treatment and prevention of Alzheimer's disease

**Dr. Steven L. Wagner**, UC San Diego School of Medicine, USA

Speaker Sessions | 11:50- 12:30

11:50 - 12:10

Title: Muscle and brain connections with exercise rehabilitation in chronic stroke

**Dr. Alice S. Ryan**, University of Maryland School of Medicine, USA

12:10 - 12:30

Title: Plasma butyrylcholinesterase activity: a possible biomarker for differential diagnosis between Alzheimer's disease and dementia with Lewy bodies?.

**Nalini D. Josviak**, Federal University of Parana, Brazil

Lunch Break | 12:30 - 13:30 @ Lunch area

Panel Discussion | 13:30 - 14:30

**Speaker Sessions Continue | 14:30- 16:30**

14:30 - 14:50

Title: Intracerebroventricular injection of Streptozotocin promotes increase in body temperature: implications for Alzheimer's disease

**Robson Cristiano Lillo Vizin, Federal University of ABC, Brazil**

14:50 - 15:10

Title: Title: The association between sense of taste and dementia : cross-sectional British Whitehall II study

**Hanny Arisna, University College London, UK**

15:10 - 15:30

Title: Anterograde monosynaptic transneuronal tracers derived from Herpes Simplex Virus 1 strain H129

**Zhao Fei, Chinese Academy of Sciences, China**

**Networking and Refreshment Break|15:30-15:50**

15:50 - 16:10

**Dr. Tiffany Glenn-Hall, Grossmont College, USA**

16:10 - 16:30

Title: Neurologic music therapy to facilitate recovery from complications of neurologic diseases

**Dr. Sasan Bahrami, Nicklaus Children's Hospital, USA**

16:30 - 17:00

Certificate distribution| Networking

**End of the day !**

#CLYTO ACCESS

Thank you  
for the  
support

Looking forward to see you at our upcoming conferences!
