Finally, the small urban plaza or "vest pocket" park was popularized in the same era. These parks created little oases meant to offer the same kind of relief that Olmsted thought required two thousand acres. The three park types-the tot lot, adventure playground, and urban plaza-use small lots previously thought unusable.

The Organization Man, *The Social Life of Small Urban Spaces*: William Hollingsworth "Holly" Whyte (October 1, 1917 – January 12, 1999) was an American urbanist, organizational analyst, journalist and people-watcher. He identified the elements that create vibrant public spaces within the city and filmed a variety of urban plazas in New York City in 1970s.

**William H. Whyte - Wikipedia**

Presenting a synthetic approach that reflects both the physical aspects and the social significance of urban spaces, this book scrutinizes the precise patterns of urban expansion and shrinkage. In doing so, it also summarizes current theories of public space, urban space, and the body in space which are relevant to both Japan and the wider international debate.
