Economics is an introductory textbook by American economists Paul Samuelson and William Nordhaus. It was first published in 1948, and has appeared in nineteen different editions, the most recent in 2009. It was the best selling economics textbook for many decades and still remains popular, selling over 300,000 copies of each edition from 1961 through 1976.

## **Economics (textbook) - Wikipedia**

Principles of Economics is a leading political economy or economics textbook of Alfred Marshall (1842–1924), first published in 1890. It was the standard text for generations of economics students. Called his magnum opus, it ran to eight editions by 1920. A ninth edition was published in 1961, edited in 2 volumes by C. W. Guillebaud.
