## **PMATH 370 : Chaos and Fractals - University of Waterloo**

The name of the course is Chaos and Fractals. I'm in CS so I'm not a native Pmath student, thought I have taken number theory and group theory and enjoyed them a lot. I need one more math and I'd like it to be a Pmath but the Winter isn't offering too many that interest me but this one caught my eye. How tough is the course for a CS student?
