Ancient World Studies Syllabus | Ms. Coyne's Classroom

Traditionally, the title "cradle of civilization" has been applied to the Neolithic Ancient Near East, particularly the Fertile Crescent (Levant and Mesopotamia). Accordingly, scholars believed that agriculture was first practiced in the Fertile Crescent, and from there it eventually spread by influence throughout the world.

Ancient Civilizations Questions and Answers

Historical forerunners. Interpretation of history as repeating cycles of Dark and Golden Ages was a common belief among ancient cultures.. The more limited cyclical view of history defined as repeating cycles of events was put forward in the academic world in the 19th century in historiosophy (a branch of historiography) and is a concept that falls under the category of sociology.

Social cycle theory - Wikipedia

Development of the term "Civilization" During the late 19th and early 20th centuries CE, it was widely believed among European scholars that all human communities were involved in a process of straightforward progression by which the conditions of a society were gradually improving.

Civilization - Ancient History Encyclopedia

The first civilizations appeared in locations where the geography was favorable to intensive agriculture. Governments and states emerged as rulers gained control over larger areas and more resources, often using writing and religion to maintain social hierarchies and consolidate power over larger areas and populations.
